

Cloud-Clone Corp.

Cloud-Clone Antibodies

You may not be aware of four advantages!

CLOUD-CLONE CORP. (CCC, USA), a research and experimental development in molecular biology and immunology oriented company headquartered in Houston, is the owner of the trade mark “Cloud-Clone”. It has certified with ISO 9001:2015 and ISO 13485:2016.

1. Original Manufacturer for Antibodies

2. Antibodies validated by Knock-out platform

The Knock-out validation platform is the only recognized gold standard platform for antibody detection. It reduces or blocks the target gene expression through gene interference or knockout technology, so as to detect the accuracy of antibody to recognize the target protein. The Knock-out validation platform is also the main direction of Cloud-Clone, aiming to provide reliable antibody detection for scientific research.

3. Antibodies can be used to construct high-quality ELISA kits

In March 2020, CiteAb, the world-renowned biological reagent search engine, awarded Cloud-Clone as the “ELISA kit supplier to watch in 2020”. This is a great inspiration of Cloud-Clone. The number of citations of Cloud-Clone ELISA kits come out top in terms of various disease and cancer markers, cytokines and signaling pathways, etc.. In recent years, Cloud-Clone have been fully realized self-research, self-production and self-marketing. Antibodies and antibody pairs are the raw materials for ELISA kits, so ensuring the quality of antibodies is the most significant step.

4. Excellent literatures of Cloud-Clone Antibodies

Product No.	Product Name	Magazine	PubMed ID/doi
PAB030Mu01	Polyclonal Antibody to Protein Tyrosine Phosphatase Receptor Type C (CD45)	Cell	29958103
PAA102Hu01	Polyclonal Antibody to Matrix Metalloproteinase 7 (MMP7)	Science Translational Medicine	29167395
PAB755Mu01	Polyclonal Antibody to Interferon Regulatory Factor 4 (IRF4)	Blood	30002144
PAB153Hu01	Polyclonal Antibody to Leukocyte Immunoglobulin Like Receptor Subfamily B, Member 2 (LILRB2)	Nature Communications	29467366
PAA816Mu01	Polyclonal Antibody to Alpha-1-Acid Glycoprotein (a1AGP)	EMBO Molecular Medicine	28927749

Cloud-Clone Corp.

Original Manufacturer for Protein, Antibody, Assay kit and CRO service.

23603 W. Fernhurst Dr., Unit 2201, Katy, TX 77494, USA Tel: 001-832-538-0970 Toll free: 888-960-7402 (In the USA)
