Gastric Juice Peptide Fragment (BPC 157)

Product Number: 4030660
CAS Number: 137525-51-0

Z-Gly-Gly-Arg-AMC · HCl

Product Number: 4002155
CAS Number: 102601-58-1

Semaglutide

Product Number: 4091661
CAS Number: 910463-68-2

Angiotensin II

Product Number: 4006473
CAS Number: 4474-91-3

Amyloid β -Protein (1-42)

Product Number: 4014447
CAS Number: 107761-42-2

GLP-1 (7-36) amide (human, bovine, guinea pig, mouse, rat)

Product Number: 4030663
CAS Number: 107444-51-9

(2-(1,3-Dithiolan-2-yl)-Trp²⁵)- Liraglutide trifluoroacetate salt

Product Number: 4109712

Calcitonin (human)

Product Number: 4014409
CAS Number: 21215-62-3

Amyloid β -Protein (1-42) (HFIP-treated)

Product Number: 4090148
CAS Number: 107761-42-2

2-Chlorotrityl chloride resin (200-400 mesh, 1.5-1.9 mmol/g)

Product Number: 4025425
CAS Number: 934816-82-7

Why choose Bachem?

Customer centricity & service – We offer the highest quality products and services in the industry and we stand for trusting and long-standing partnerships. Our customers appreciate our broad knowledge, experience, and expertise in the entire field of development and production of peptides.

BACHEM

AN EXTENSIVE PORTFOLIO OF CATALOG PEPTIDES

We offer a broad selection of catalog peptides to support research across multiple scientific disciplines. Our high-quality catalog peptides are readily available, helping you accelerate discovery and streamline procurement. With reliable batch consistency, detailed product documentation, and global delivery, our catalog range provides a trusted solution for researchers worldwide.
