

The Benchmark in Inhibitors

AdooQ Bioscience, located in California of USA, is the world leading supplier of high purity inhibitors, chemical probes and reference compounds. Adooq actively tracks the latest science, and brings more than 1500 new products each year to the market, so our customers can rely on us to be the leading supplier!

AdooQ focuses on technologies that improve our ability to find, develop and produce life-science reagents. The quality and effectiveness of all Adooq products have been demonstrated through preclinical research. So far Adooq products have been cited in ~3000 studies from top scientific journals. CiteAb recognizes Adooq as Chemical Probes Company to Watch in 2018 and Biochemicals Supplier to Watch in 2019.

AdooQ supplies over 10,000 products with in-house validated biological and pharmacological activities, and a unique collection of over 6000 inhibitors on HDAC, PI3K, Apoptosis and more signaling pathways.

EPIGENETICS
APOPTOSIS
PI3K / AKT / MTOR
RTK
ANGIOGENESIS
JAK / STAT
MAPK
GPCR / G PROTEIN
CELL CYCLE
DNA DAMAGE
CYTOSKELETON
CELL METABOLISM
AUTOPHAGY SIGNALING

IMMUNOLOGY & INFLAMMATION
NF- κ B / I κ B
TGF- β / SMAD
NEURONAL SIGNALING
PROTEASES
MICROBIOLOGY
STEM CELLS / WNT
MEMBRANE TRANSPORTERS
ENDOCRINOLOGY/HORMONES
TRANSFERASES
UBIQUITIN
CRISPR
